

NEW RESIDENTS LIST

Please accept this friendly monthly reminder for all our clients who participate in the New Residents Welcome Program to forward the names of new residents who have moved in since your last list.

A quick review of the program: Upon receipt of the names and address of your new residents, we will forward the Curtis "New Residents Kit" to their residences. The Kit contains a welcome letter from the Curtis Service as well as a refrigerator magnet with our phone number. Also included are invitations for residents to join the Curtis Kids Club and the RIBS program along with important community policies. New residents are encouraged to contact us if they have any questions or concerns.

By introducing ourselves to new residents, we are able to go over the safety and security services that are provided and to clarify that PERSONAL security services are NOT included in the community agreement. If residents wish to subscribe to a personal security agreement (an "Individual Home Security" package), they may do so at their own expense and independently of the services provided by the community.

If you would like Curtis to introduce our services to new residents, please fax the name and apartment number of any new residents to our attention.

Name of new resident(s): _____

Apartment number: _____
