

PARKING ENFORCEMENT AND TOWING POLICIES

Below are Curtis Protective Services, Inc.'s Parking Enforcement and Towing policies to be implemented in your community. If you have any questions regarding these policies or their enforcement by our Officers, please do not hesitate to contact Curtis at (800) 551 -8368.

- Patrol Officers will issue parking tickets for infractions such as expired tags, parking in fire lane, parking using two or more parking stalls, and other violations as specified by the management.
- Tickets issued during the previous twenty-four hours will be included in your daily Incident Report for your information, review, and determination of subsequent action, if any, you would like Curtis to take. Curtis also retains a copy of all tickets issued and records of any vehicles towed or otherwise removed from the premises.
- If a vehicle receives three tickets for the same offense over a seven-day period, it may be subject to towing and removal from the premises.

These policies can be updated and amended as necessary by the community's management and Curtis.
